

AHP Course

Course Title: Allied Health Professionals Course

- Wednesday, 14 May 2025
- 08:00-17:00

x

The Allied Health Professional's (AHP) Committee of ESPGHAN is delighted to announce the next AHP course to be held at the 57th annual meeting in Helsinki, in 2025.

The course allows AHPs from a range of professions to come together to upskill, refresh and gain new knowledge in PGHAN.

An exciting day is planned which includes **updates to hot-of-**

the-press clinical guidelines, and interactive sessions to help you manage your complex clinical cases.

Delegates will present findings from their groundbreaking research in a warm and friendly environment.

This is a wonderful opportunity to learn first-hand from colleagues working in a range of specialities, to share ideas, network and form solid collaborations.

Be there! It's good to share.[Secure Your Spot Here](#)
