

ESPGHAN 2026 Bid Guidelines

The ESPGHAN Annual Meeting takes place in May or June each year and is ESPGHAN's largest event with attendance levels that have continued to grow in recent years and reached more than 4.300 delegates in 2023.

The main goal of the Annual Meeting is to promote knowledge in the field of paediatric gastroenterology, hepatology and nutrition within a diverse and informative scientific programme aimed at medical doctors, students, scientists, allied health professionals as well as industry partners.

In 2022 ESPGHAN appointed Kenes Group to act as their Core Professional Congress Organiser (PCO) to assist in the arrangements of all ESPGHAN Annual Meetings from 2023 onwards.

Over the years the ESPGHAN Annual Meeting has become a global event with delegates attending from all over the world. Early indications are that this trend will continue in the coming years. That is why, we would love your assistance in choosing the destination of the 2026 ESPGHAN Annual Meeting.
