The ESPGHAN Council has decided that active, in-person, participation at ESPGHAN events for colleagues from Russia will not be possible under the current circumstances. However, consistent with the mission of our Society to improve the health of children and promote dialogue, online participation at the ESPGHAN annual meeting will be possible. The objective of these measures is to balance our concerns regarding the safety of our members and our strong disapproval of the aggression by the Russian Federation with the need to promote the health of children in all countries around the world.
