

Young ESPGHAN Workshop

Young ESPGHAN Afternoon Workshop: Decoding Research Systematic Reviews, Meta-Analysis, and Peer Review Essentials

- Wednesday, 14 May 2025
- 13:00-18:15

Introduction:

In this workshop, attendees will be given the opportunity to learn everything there is to know in the world of research. **From interpreting statistics and meta analysis by none other than Prof Morris-Gordon, to reviewing manuscripts with JPGN senior reviewers.**

This workshop is ideal for trainees wishing for a hands-on approach to learning and **will give successful candidates the possibility of becoming a Young Reviewer for JPGN.** It is a great opportunity to network and to promote yourselves and become more active within ESPGHAN.

Targeted audience: Young ESPGHAN Members, Medical students, General paediatricians, GI trainees, AHPs with interest in research.

Objectives:

- Gain a basic understanding of statistics for non-statisticians
- Learn the fundamentals of systematic review and meta-analysis techniques
- Identify the importance of peer review in your daily practice and career progression

- A step by step guide on reviewing a manuscript from experienced reviewers with online and face to face modules
- Receive feedback and practical guidance from experts through hands-on practice
